Dear Jim,

I wish to extend to you & your staff my appreciation of your marketing skills in selling my house in only 61 days at the bottom of the housing market & for a price I could work with!

The people you have to get a house ready for market were quick & efficient without being excessively expensive.

All along the way I felt I was not only informed of the progress, but also educated on how your process worked.

Working with you and Amy was altogether a very pleasant experience. Thank you for contacting me.

Sincerely yours,
Robertā Harjes
